## About us

The kindergarten lays the foundation for the rest of a student's school career and plays a vital role in his all-round development.

In Grade 2, children are taught reading and writing skills, mathematics, religion and other creativity-based subjects such as dancing and rhythmic, handwork, art, singing, IT and most importantly, social skills.

Producing weekly newsletters is a new project in Grade 2, with the goal of highlighting its weekly activities and appreciating the effort of students and teachers.

## Our Message

Looking for some different fun things to do with paper? If so, then you have come to the right spot. Get started with printing on paper. It's a fantastic technique to practice and you can make your own handmade book cover / paper bag & so much more. The sky is the limit!

## In this issue

The students created a colourful book cover / paper bag out of a printed paper. They kept themselves busy by hand printing on regular white paper. Some even tried their hands at pasting dried flowers & leaves for a better effect.

Let's enjoy their beautiful creations...
